Newsletter No. 14

Dear Parents/Caregivers,

## **New School Question (Financial Literacy):**

What is a budget? Why do we need to make a budget with our money?

Over the last few weeks, learners have been having excellent discussions about Financial Literacy during classtime and at weekly assemblies.

This week's question poses an interesting topic. How often do we include our children in discussions about budgeting? A good place to start could be while shopping at the supermarket. Helping children to think about buying the best priced items within a budget amount creates excellent learning opportunities.

## **Board of Trustees Meeting:**
