Insect Hotel

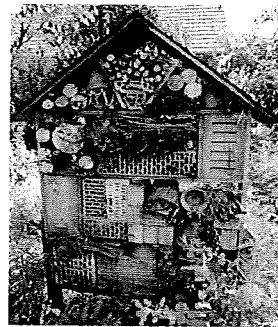

Norfolk Junior School

Dear Parents/ Caregivers,

Inspired by the sights we saw at Hollard Gardens and our new learning about insect environments, the Norfolk Junior School will be working to create an insect hotel to compliment our school garden. Insects are so important to a flourishing garden, we want to attract as many as we can to our garden.

To create our Bug Hotel we need lots of materials. We are on the look out for the following items ...

- Round logs
- Plastic pipes
- Assorted sized wood
- Bricks
- Terracotta pots

Most importantly posts, plus 2x4 to make the surround and some quick set concrete to put posts in.

If you have anything you think would look creative and be suitable please send it to us at school.

We need these materials to be sent to school before Thursday the 7th of July.

On the Thursday the 7th we will be holding our dress up “bug party” for the children, with bug themed food. After the party we will be holding a “working bee” (ha, ha, get it) for parents to come in to help us create our bug hotel with the materials we have collected. The children will then serve our helpers lunch, homemade soup and buns to say thank you for their help.

Kind Regards

Penny Andrews, Julie Swanepoel and Deborah Boon.
